It is necessary to consider the factors that. the design and construction of projects for the.Luludem Luludem (Luludem ya Liripa) (the "head of the table") is a town and a local government area and the headquarters of the Ugandan West Nile sub-region of Uganda. It is also a commuter town in the Wakiso District and was the site of the Battle of Luludem, where, in October 1886, the Anglo-Egyptian army was defeated by the forces of the indigenous peoples of the area. Luludem was one of the locations the British colonial officer Charles George Gordon (1833-1885) visited in his last desperate attempt to relieve the Siege of Khartoum and to save the British flag. Location Luludem is located on the main Kampala-Entebbe road, approximately, by road, west of Kampala, the capital of Uganda and the largest city in that country. The geographical coordinates of the town are 0°19'50.0"S, 32°27'00.0"E (Latitude:-0.328056; Longitude:32.451667). The town is surrounded by many residential and working villages. In the 1970s, "Luludem" was the old name of a village in Tuten "Luludem" and is the name of the modern Luludem area. Population In 1991, the national population census estimated Luludem's population at 11,339. The 2002 national population census put the population at 18,929. In 2012, the national population census put the population at 23,853. Energy Luludem, together with other Ugandan towns, plans to build a \$20 million power and development project that will generate up c6a93da74d
